

Royal Dutch Visio

Education

Rotterdam

Visio Education has seven schools which provide special primary and secondary education for pupils with visual impairments. One of these schools is situated in Rotterdam. This school also has a department for teaching pupils with multiple disabilities.

While visiting the school you will get a good impression of what Visio Education comprehends. Your guide will tell you all about the school, its pupils and the education. But also about the building itself which is relatively new and holds all kinds of handy and practical aids and features.

The site visit ends with a dinner at a scenic location in Rotterdam.

At 19.00hrs the bus will take you back to The Hague.

Estimated time of arrival in The Hague: 20.30hrs.

Minimum 18 participants - Maximum participants: 50.
