

Royal Dutch Visio
Visio Het Loo Erf
Apeldoorn

By bus we will drive to Apeldoorn, one of the municipalities at The Veluwe, a beautiful and forest-rich area in The Netherlands. Here Visio Het Loo Erf is located, the only center in the Netherlands that offers intensive rehabilitation for partially sighted and blind people who want to reintegrate into society. The center provides intensive 24-hour care in the area of daily living, housing, studying and working. It responds to problems and questions that people have with reference to assistance, even if more than standard solutions are required. The ultimate goal is that after this rehabilitation one can retake command over his own life.

At Visio Het Loo Erf we will offer you a guided tour, so you can see and experience what intensive rehabilitation consists of. A dinner with several clients will give you the opportunity to learn more about the surplus value of this form of rehabilitation at first hand and what it brings our clients in daily life.

At 19.00hrs the bus will take you back to The Hague.

Estimated time of arrival in The Hague: 20.30hrs.

Maximum participants: 15.
